

SRI KRISHNA COLLEGE OF TECHNOLOGY
IoT Based Smart Crop Protection System for Agriculture
Literature Survey

Team Leader:

Tamilarasan P(19TUEC242)

Team Members:

Sivani M(19TUEC228)

Subiksha P(19TUEC236)

Vigneash S(19TUEC246)

IoT solutions for crop protection against wild animal attacks

Published on: March 2018

DOI:10.1109/EE1.2018.8385275

Conference: 2018 IEEE International Conference on Environmental Engineering (EE)

Authors:

- S. Giordano
- Ilias Nektarios Seitanidis
- Mike Oluwatayo Ojo
- Davide Adami
- Fabio Vignoli

Protection of Crops from Wild Animals Using Intelligent Surveillance System

Published on: December 2018

Conference: Special Issue National Conference “CONVERGENCE 2018” At: Buldhana, Maharashtra, India

Authors:

- Vikas Bavane
- Arti Raut
- Swapnil Sonune
- A P Bawane
- Pradip Jawandhiya

Implementation of IIoT based smart crop protection and irrigation system

Published on: February 2021

Conference: Journal of Physics Conference Series 1804(1):012206

DOI:10.1088/1742-6596/1804/1/012206

Authors:

- Ipseeta Nanda
- Sahithi Chadalavada
- Medepalli Swathi
- Lizina Khatua
